

Beyond building upon the success of ISTEA and TEA 21, as I said at the TEA 21 anniversary, we must continue to develop innovative solutions if we are to overcome our Nation's many transportation problems. Let me touch on a couple of new programs included in the bill that propose new and different way to address transportation issues.

As I have traveled the country over the last several years to review the condition of our Nation's infrastructure, I have noted that, despite the significant funding increases of TEA 21, current levels of surface transportation investment are insufficient to fund critical high-cost transportation infrastructure facilities that address critical economic and transportation needs. These projects, whether it is Alameda Corridor East or Chicago's CREATE, have national and regional benefits, including facilitating international trade, relieving congestion, and improving transportation safety by significantly improving freight and passenger movement in critical transportation bottlenecks. The bill creates a \$17.6 billion Projects of National and Regional Significance program to enable the Secretary of Transportation to competitively select such projects of national significance (project cost of more than \$500 million).

I also want to touch on a much smaller, but equally important, new program: Safe Routes to School. Several years ago, I began working with two communities, Marin County, California and Arlington, Massachusetts, to develop a program to enable and encourage children to walk or bike to school. These two pilot projects have been incredible successes. With this experience in hand, the bill creates a new \$1.5 billion Safe Routes to School formula program to enable and encourage children to walk or bike to school; to make bicycling and walking to school a safer and more appealing transportation alternative, thereby encouraging a healthy and active lifestyle from an early age; and to improve safety and reduce traffic, wasted fuel, and air pollution in school neighborhoods.

Finally, the Committee's proposal will provide badly needed economic stimulus. The Federal Highway Administration reports that every \$1 billion of federal funds invested in highway infrastructure creates 47,500 jobs and \$6.2 billion in economic activity. When enacted, the Committee's introduced bill will create and sustain up to 3.6 million family-wage construction jobs, including 1.7 million new jobs.

Moreover, a recent study found that the Committee's bipartisan proposal to invest \$375 billion in surface transportation over the next 6 years would add \$290 billion more to the Nation's Gross Domestic Product than the administration's proposal to invest only \$247 billion. The Committee's proposal would also lead to an additional \$129 billion of household disposable income and an additional \$98 billion in consumer spending—millions of new, good-paying jobs, billions of dollars of new consumer spending: now that's the way to get the economy growing again.

I join with Chairman YOUNG, Subcommittee Chairman PETRI, and Subcommittee Ranking Member LIPINSKI, and the Members of the Committee on Transportation and Infrastructure, in introducing this bipartisan bill today. We will continue to work together on the journey of writing the legacy of our surface transportation future.

TRIBUTE TO PAUL SCANNELL

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 19, 2003

Ms. ESHOO. Mr. Speaker, I rise today to honor a distinguished Californian, Paul Scannell, as he retires from his service as Assistant County Manager of the County of San Mateo, California.

Paul Scannell has served as Assistant County Manager since 1982. During that time he has represented the County in complex and sensitive negotiations with other governmental agencies, companies, and persons doing business with the County. He's also worked in cooperation with County department managers to recommend County programs and activities, and managed the County team responsible for public financing issues. He has served on a wide variety of committees, as well as advising and staffing the Charter Review Committee. He has also acted as the County Manager in the Manager's absence.

Paul Scannell prepared for his career by earning a Bachelor's degree in Economics from the University of San Francisco and a Master's of Public Administration from Golden Gate University. He also pursued graduate studies in Economics at the University of California, Berkeley. He held positions of increasing importance with the City and County of San Francisco between 1964 and 1982, including serving as Deputy Director of the Clean Water Program, Assistant to the Chief Administrative Officer and as Senior Departmental Personnel Officer at San Francisco General Hospital.

I had the honor to work with Paul Scannell for ten years as a Member of the Board of Supervisors, and I saw and experienced firsthand his professionalism, his integrity and his extraordinary knowledge of County government.

Mr. Speaker, I ask my colleagues to join me in honoring Paul Scannell for his superb service to our community and our country and wish him every blessing in the years ahead. He has established the gold standard for public service and we are grateful to him for it.

PAYING TRIBUTE TO BOB GERLER

HON. SCOTT MCINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 19, 2003

Mr. MCINNIS. Mr. Speaker, it is with great pride that I rise today to pay tribute to an extraordinary public servant from Otero County, Colorado. Bob Gerler is a compassionate mental health advocate who has dedicated his life to improving the quality of care at Southeast Mental Health Services. I would like to join my colleagues here today in recognizing Bob's contributions to Otero County.

In recognition of his 24 years of service, Bob has been named the Colorado Behavioral Healthcare Council's 2003 Outstanding Board Member of the Year. Over time, Bob has been instrumental in implementing numerous programs for the betterment of patient's lives. His dedication, integrity and intelligence have truly made Bob a tremendous asset to the board.

In addition to his service to Southeast Mental Health Services, Bob has also served as a

County Commissioner, a member of the South Sink Water Company Board of Directors, and chairman of Otero Junior College Council.

Mr. Speaker, Bob Gerler is a dedicated community leader who willingly devotes his time to improving the lives of those in need. Bob has been a reliable and innovative administrator over the course of his many years of public service and I am honored to pay tribute to him for his many contributions to the Colorado community. Congratulations on a well deserved award Bob.

TRIBUTE TO SPENSER HAVLICK

HON. MARK UDALL

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 19, 2003

Mr. UDALL of Colorado. Mr. Speaker, I rise today to pay tribute to Spenser Havlick, who this month is retiring from membership on the Boulder, CO, City Council. Elected to the council in 1982, Spense has had 21 years of distinguished public service.

Born in Oak Park, IL and raised in Green Bay, WI, he received his B.A. Degree from Beloit College, his M.A. from the University of Colorado in limnology and his Ph.D. in environmental planning and water resource management from the University of Michigan.

He became the Assistant Dean and Director of the College of Environmental Design at the University of Colorado in Boulder in 1975. His research and teaching focused on natural hazard mitigation, the citizen's role in the planning process, and the impact of urbanization on the environment. He has written on ecology and design and is preparing another book on transportation management and traffic calming.

He has taught at the University of Michigan and Murdoch University in Western Australia, consulted for the U.S. Environmental Protection Agency, the U.S. Army Corps of Engineers, the National Science Foundation and the U.S. Information Agency.

With this outstanding academic background, Spense has been a champion of the values that embody the spirit of Boulder. His commitment to defending these values made him a distinctive member of the council.

A passionate environmentalist, Spense had a two-decade struggle with transportation problems and worked diligently to promote public transportation, rail service between Denver and Boulder, bicycle paths, city open space and pedestrian walkways.

In his role as professor of environmental design at the University of Colorado, Spense encouraged his students to adopt Boulder's environmental values. He urged students to give up their cars, get more exercise and walk, or use alternative transportation.

A top vote getter in all his elections, Spense promoted a strategy to find more affordable housing, worked on growth management, led the effort for the largest purchase of open space in the history of Boulder and worked to streamline the city's budget in tough economic times.

Spense's civic commitment is demonstrated through his service on the City Council Environmental and Transportation Committees, as an Eco-cycle block leader, and as a Commissioner for the Boulder Urban Renewal Authority.
